

## Message From The Board

On April 2, 2016 the Board of Trustees met to review the Strategic Plan for Unity Christ Church, which had been completed in 2012. Our goal was to review the plan and determine what goals and objectives of the plan continue to be relevant to our church at this time. Through this process, we were able to identify activities and areas that are already in place in our Spiritual Community, as well as identify areas of concern that continue to need attention and create teams to address the needed concerns.

As a result of this process, we identified specific needs and created the following teams: Bookstore Team; Communications Team; Decorating Team; Facility Team; Fundraising Team; Garden and Grounds Team; Hospitality Team; Marketing and Public Relations Team; Policies and Procedures and Bylaws Team; Unity Celebration Team; Volunteer History Advisors and the Young Adults Team.

At our June Potluck we will be presenting descriptions of these teams, their goals, objectives and activities. We will also be inviting all who wish to volunteer to be a part of a particular team (or who feel led by Spirit to participate), to become a member of that team.

At our April 2016 potluck, we asked for your input regarding what you feel good about concerning the direction in which our church is moving, as well as any suggestions you have for improvements to enhance our community. We have been collecting this data for the last few weeks and we will be presenting the results of the survey at our June 2016 potluck as well.

So please make plans to attend our June potluck so that you can be actively and enthusiastically involved as we move forward with our mission and vision for Unity Christ Church. The Board of Trustees is excited about the transformation of Unity Christ Church and we look forward to sharing in this process of resurrection and renewal as together we embark on this new horizon.

Blessings to You All,  
The UCC Board of Trustees
