Spiritual Tools For An Abundant Life- "The 12 Powers of Man"

Using the Powers, One Month at a Time

November—Elimination

The ability to release, remove, denounce, deny, let go.

Today we stand at the crossroads, faced with many choices in the pathway we will follow in our lives. The course of our country depends on all of our voices to speak up for what it is we believe in and where it is that we want our future to go in the coming year.

Every vote is important in this election year. Every person needs to be a contributor for change in our world.

Today we stand at the crossroads, faced with many choices in the pathway we will follow at Unity Christ Church. The course of our church depends on all of our voices to speak up for what it is we believe in and where it is that we want our future to go in the coming year.

Our annual meeting will be held on **Sunday, Nov. 22, at 12:30pm**. Every person needs to be a contributor for change in our church and in our world.

I encourage everyone to vote in this election for government offices in the United States as well as vote for officers who will work together in the coming year to promote and share the vision and mission of Truth Principles in this church.

It takes a community to come together for a common purpose in Unity and in love and everyone who is connected to this church is an important part of the expansion we want to see in the future.

Under the Leadership of God's Infinite wisdom and power, all of us together can accomplish anything we set our mind to. The question is what is it that we want this church to accomplish and become in 2021?

Affirm: I can do all things through the Christ in me, that strengthens me.

I ask everyone to prayerfully contemplate the good that this church can give out into our community and bring your suggestions to our annual meeting.

I ask also that you remain in prayer everyday for the growth, wealth, and success of this church. Together we can bring Light into our world that heals, prospers, blesses and renews by teaching and sharing the Truth that we in Unity know for ourselves.

It is time to let the Light shine and be the change we want to see in the world.

Stay in Peace,

Amen

Unity Reading

Spiritual Economics by Eric Butterworth

The word prosperity comes from the Latin root which literally translates: according to hope, or to go forward hopefully. Thus, it is not so much a condition in life as it is an attitude toward life. The truly prosperous person is what Rollo May calls the fully functioning person, one who is experiencing what Jesus calls the life more abundant.

Prosperity is a way of living and thinking, and not just money or things.

Poverty is a way of living and thinking, and not just a lack of money or things.

Considered in the broadest sense, prosperity is spiritual well-being. This involves the whole experience of healing life, satisfying love, abiding peace and harmony, as well as a sufficiency of what Aristotle called the furniture of fortune. Too often the tendency is for teacher and student to become so preoccupied with the demonstration of jobs and bank accounts as to forget that the person is a whole creature in a whole Universe. While in this work we are forever conscious of a backdrop of spiritual ecology, the Truth that sets us free from all the problems of human experience.

It is consciousness that sets all the limits in life, if there are any limits. We have been erroneously conditioned to believe that our lives are completely shaped by what happens around us and to us. But life is lived from within-out. It is not what happens “out there” but what we do or think about what happens.

The starting point in realizing prosperity is to accept responsibility for your own thoughts; thus, taking charge of your life. You are not responsible for what is said in the Wall Street Journal, or what comes out of Washington in the form of economic indicators; but you are very much responsible for what you think about these things. You cannot afford to let the so-called experts decide how you are going to think and feel. For how you think and feel about the economy in general and your financial affairs in particular will unvaryingly determine what you experience.

If you are serious about the program suggested by this book, you will want to make a commitment to get yourself and keep yourself in the positive stream of life. Refuse to indulge in casual conversation about the bad economy, the high cost of living, or about anything you do not want to say yes to. Eliminate such thoughts as I can't, I'm afraid, and there is not enough, from your consciousness. Talk only about the things you want to see live and grow. Keep your thoughts centered in the idea of abundance, sufficiency, and well-being.

Poinsettia Dedication

It's almost that time of year, where we order Poinsettias to decorate our church. The donation for each plant will be **\$13.50**.

If you would like to contribute towards the purchase of poinsettias, "**dedicated to**" or "**in memory of**" someone, we will **begin taking those orders Sunday, November 29th**. There will be order forms in the foyer, in the sanctuary, and online for you to complete. **The deadline to place an order will be Sunday, December 6th**.

Because we are not doing bulletins, the poinsettia dedication list will be published online, via our weekly e-blast, our January newsletter, and a couple copies will be placed in the foyer at church for you to pick-up.
